

Horse Safety Australia qualifications...

---

**Instructors** are able to work unsupervised in routine and controlled situations.

**Senior Instructors** have higher levels of theory and more advanced riding skills.

**Trail guides (day rides)** are qualified to take out rides which are completed within the same day.

**Trail guides (multi day rides)** are qualified to lead rides which include overnight camping

**Assistant instructors/assistant trail guides** must work under the **direct** supervision of a qualified instructor.

**Provisional instructors** may work alone under the indirect supervision of a qualified instructor in controlled environments. Provisional trail guides must work with at least one qualified trail guide.

**Harness qualifications** allow drivers to manage a carriage in commercial situations (unless stipulated recreational only) some are qualified to drive a carriage with a single horse, others are qualified to drive pairs. (This qualification is listed at the end of the lists for instructors and trail guides)

*The following list includes those qualified with Horse Safety Australia who have current membership and are registered with our organisation. This requires ongoing professional development, current experience and up to date first aid certification.*
