

INSTRUCTORS AND TRAIL GUIDES WHO ARE CURRENTLY MEMBERS OF
HORSE SAFETY AUSTRALIA (LISTED BY STATE, NAME AND SUBURB)

The following list includes those qualified with Horse Safety Australia who have current membership with our organisation.

Horse Safety Australia qualifies instructors in all styles of horse riding and handling (English, Natural, Western, Stock etc.)

Attaining qualifications (and through this, being eligible for membership of Horse Safety Australia) involves attending a 4-day hands-on Horse Safety Australia clinic for assessment of the candidates' skills.

To maintain their registration, every 3 years members must supply proof of ongoing professional development, current experience, compliance with our strict standards for running horse riding programs, and up-to-date first aid certification.

HORSE SAFETY AUSTRALIA QUALIFICATIONS... defined

Assistant instructors/assistant trail guides must work under the **direct** supervision (alongside) a fully qualified instructor/trail guide.

Instructors are able to work unsupervised in routine and controlled situations in a confined area.

Provisional instructors may work alone under the indirect supervision of a qualified instructor in controlled environments.

Senior Instructors have higher levels of theory, excellent communication skills and advanced riding abilities in their field of horse riding and horse handling.

Trail guides (day rides) are qualified to take out rides which are completed within the same day.

Trail guides (overnight) are qualified to lead rides which include overnight camping

Harness qualifications allow drivers to manage a carriage in commercial circumstances, or in some cases only in recreational situations (any restrictions are described on their certificates). Some are qualified to drive a carriage with a single horse, others are qualified to drive pairs.

The list below is set out in alphabetical order by surnames, listing the suburbs where the members live, and their current qualification levels with Horse Safety Australia.

NB the list only includes those who have current membership of our organisation, and is by no means inclusive of all those who have received qualifications through our organisation.

INSTRUCTORS AND TRAIL GUIDES WHO ARE CURRENTLY MEMBERS OF
HORSE SAFETY AUSTRALIA (LISTED BY STATE, NAME AND SUBURB)

VICTORIA
